

VOLUNTEERING

Volunteering has long been a staple of youth sports and Boyertown Soccer Club (BSC) is no different. Since 1975, thousands of children have enjoyed the benefits offered by BSC and it could not have been possible without parents and volunteers from the community.

The time and effort given by parents to BSC cannot be simply calculated in terms of dollars and cents. In addition, the sense of pride and unity that parents and children both feel by being involved in the same collaboration cannot be measured in such simple terms, either.

PROGRAM

With that being said, BSC is always looking for ways to show our appreciation to the volunteers in our various programs and is prepared to initiate a pilot program to bring about additional interest in volunteering. Beginning December 15, 2015, any parent, family member or adult associate of a child signed up in any division of BSC will have their name entered into a raffle for a prize to be awarded at the end of the fall and spring seasons. All coaches, team managers and other approved volunteers will be eligible for the raffles. Any BSC Board Member or their family members will not be eligible for the raffles. Any volunteer who wins a raffle prize will not be eligible to win for a full calendar year after winning the raffle.
